COMPLIANCE CRUISE VIII

Our eighth annual Compliance Cruise for home care and hospice will be a not-to-be-missed 3 days of the latest information on where the industry is headed and how you and your agency can stay ahead of the rapidly changing curve. This faculty has more than 100 years' experience in home care and hospice. Two are attorneys, two are RNs and two are agency owners themselves. All are experts in one or more of our core subjects: Health care reform, clinical compliance, technology advances, employment update and fraud and abuse issues.

We meet formally during our three days at sea, but that's not the end of our collaboration. We're all together for a week aboard the ship with a terrific group of people. Traditionally, our faculty has been available for private consultations with attendees and no one gets a bill at the end of the week. It's an annual opportunity to meet and interact with successful agency owners from around the country and get up to the minute advice on what's happening in the industry.

There's no better place to do this, then on a cruise ship like the Royal Princess, sailing the Caribbean in the dead of winter. Please join us this year. We're headed to St. Thomas, St. Maarten, the Bahamas and home care and hospice enlightenment! You won't regret it.

Best Regards,

Lou Bernard
